

REMARKS

Applicants have amended the specification to cross-reference the parent application which is a PCT application designating the United States. Applicants have amended claims 2-8 to more fully conform with U.S. practice and to delete multiple dependencies. None of the amendments constitute new matter in contravention of 35 U.S.C. §132.

Applicants respectfully assert that all amendments are fairly based on the specification, and respectfully request their entry.

Respectfully submitted,
